

FIA Japan-hosted CFTC Seminar

11 September 2018, 17:00 - 18:00
Meiji Kinen Kaikan (2F Kujaku-no-ma)

As part of our commemorations for the 30th anniversary of the establishment of FIA Japan, it is our great privilege to cordially invite you to attend an FIA Japan-hosted seminar featuring CFTC Chairman J. Christopher Giancarlo on September 11.

The seminar will include a speech in English by the Chairman about his views on the CFTC approach to cross-border regulation, and will be followed by a Q&A session. He will be making an announcement the previous week about his desire to take a closer look at the CFTC's cross-border policies. As a result, he will use his remarks as an opportunity to explain his views to the Japanese derivatives industry. JFSA Vice Minister for International Affairs, Mr. Ryoza Himino, will also attend the seminar to greet Chairman Giancarlo and the participants.
